

National Youth Involvement Month

November 1-9

Get Prepared!

During the first week of National Youth Involvement Month, you and your Red Cross Club can make a difference by getting prepared for anything that life throws at you.

Have you taken “Be Red Cross Ready”, made a preparedness plan with your family, or created an emergency kit? Take the first step towards preparedness and be prepared in the case of an actual emergency!

Plan a project to help your community to get prepared. Use our activity guides such as Prepare and Share Kit Drive, Disaster Speaks, or the Zombie Apocalypse Party!

Check out redcrossyouth.org for ideas!

Throughout this month, make sure to use the hashtag #NYIM for all your Red Cross posts on social media!
