

Blood Services and Fundraising

November 17-23 #NYIM

Get Involved:

During the third week of National Youth Involvement Month, you can help in two ways by supporting Blood Services and Fundraising!

Support Blood Services: Utilize social media to support your local blood drives. If you have blood drives nearby, donate or volunteer at a drive with your Club members. Plan blood drive at your school for later this year.

Host a Fundraiser: Make an impact by hosting a fundraiser at your school or in your community. You can collect change in your residence hall, host a dress down day at your schools or support the holiday campaign.

Check out our activity guides on redcrossyouth.org for more ideas!
